

## Interaction meeting with Officers of Fisheries Department, Govt. of Uttar Pradesh for popularisation of 'ReportFishDisease' App

An interaction meeting on the popularisation of the 'ReportFishDisease' App under the National Surveillance Programme for Aquatic Animal Diseases (NSPAAD) for State Fisheries Officers and progressive farmers of Lucknow Division on August 21, 2023. A total of 24 participants attended the meeting. The meeting aimed to create awareness of the features and data entry process in the App so that its usefulness could be disseminated among farmers by the fisheries officers, which will strengthen farmer-based disease reporting.
